

Junk Charts

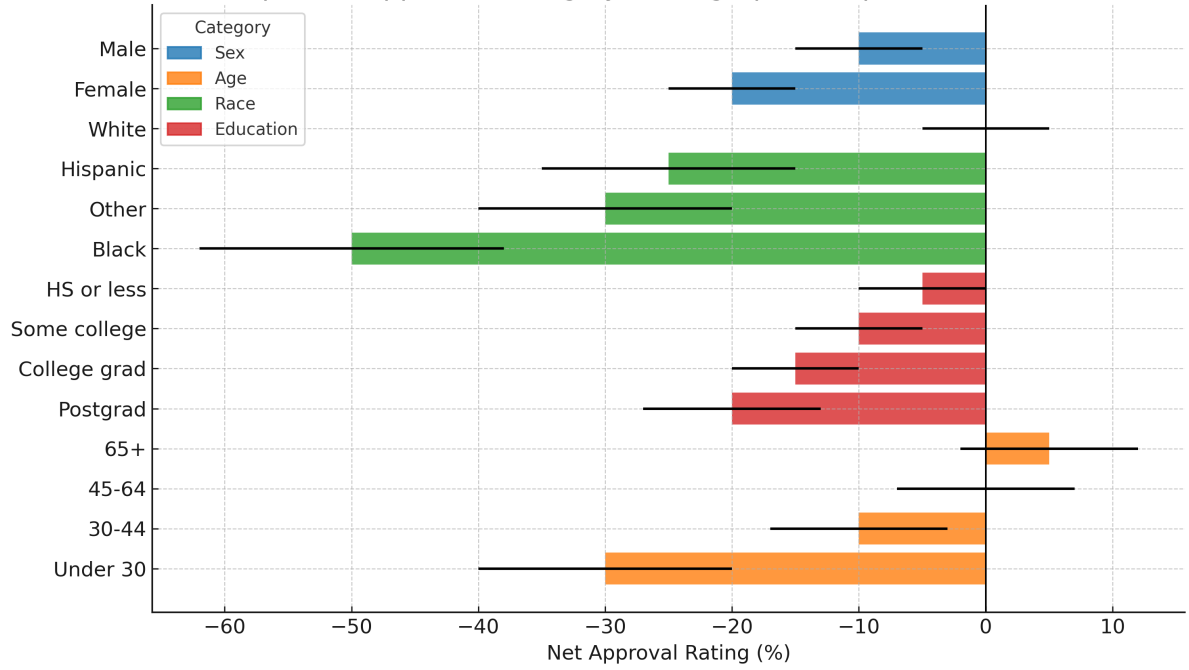

Net Approval Rating

Trump's net approval rating by demographic, %-points

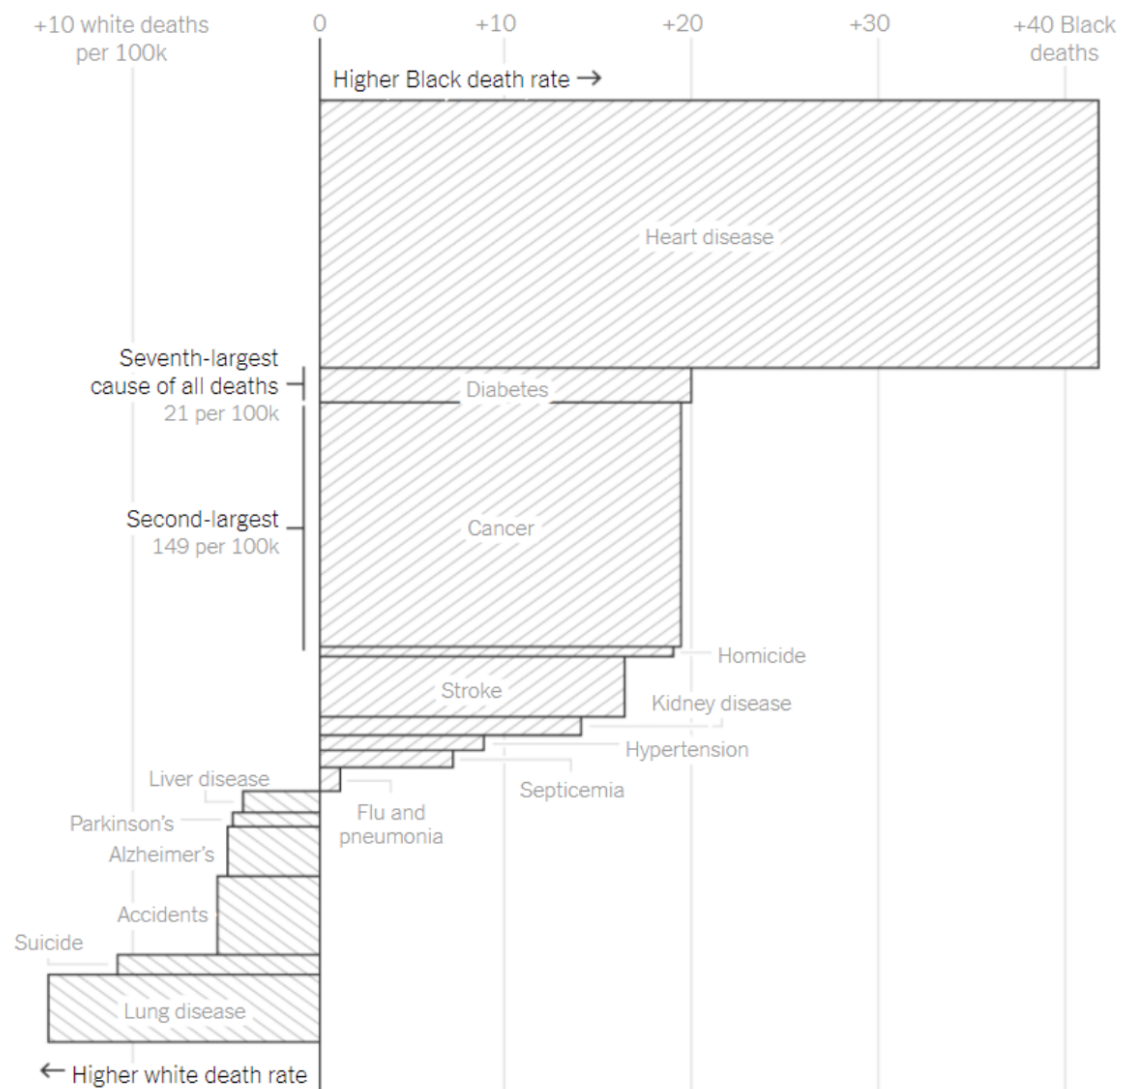

- <https://www.economist.com/interactive/trump-approval-tracker>
- Different groupings overlap, making the chart hard to read in places
 - o For the Ages 65+ and 45 – 64, it is hard to see where what group starts and ends
 - o For the Races Other and Hispanic, it is the same

Trump's Net Approval Rating by Demographic (improved visualization)

Gaps in mortality rates between black and white people

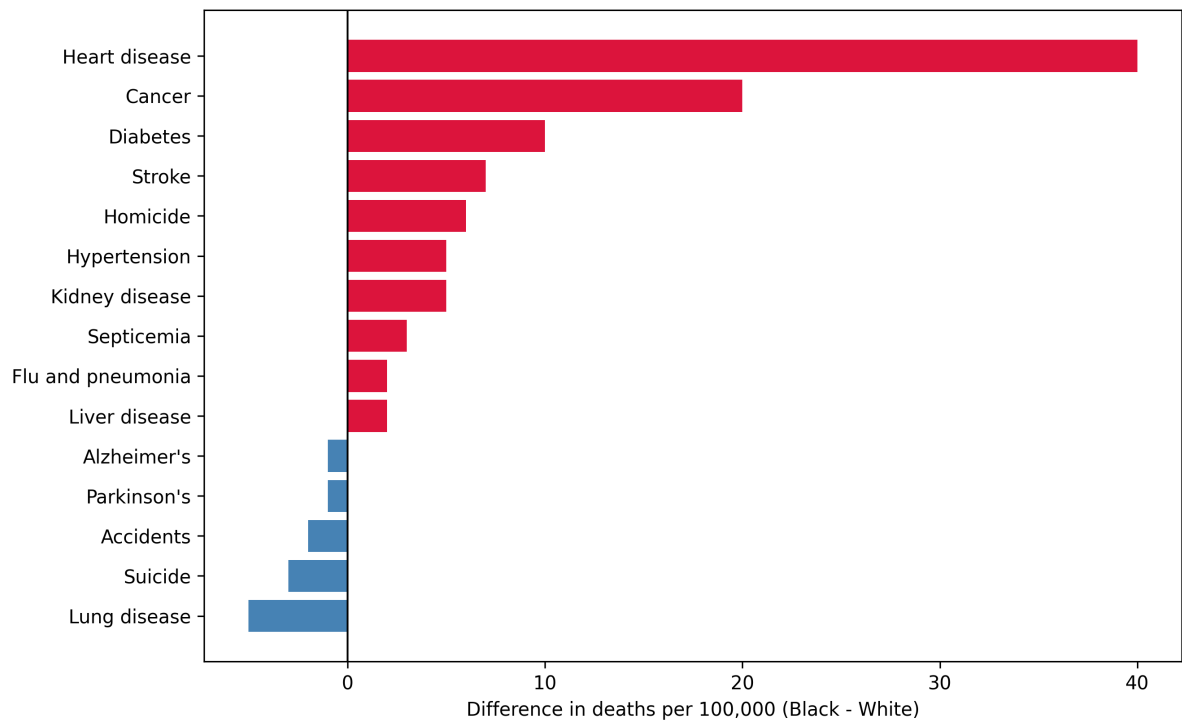

Gaps between Black and white mortality rates for the top 15 causes of death

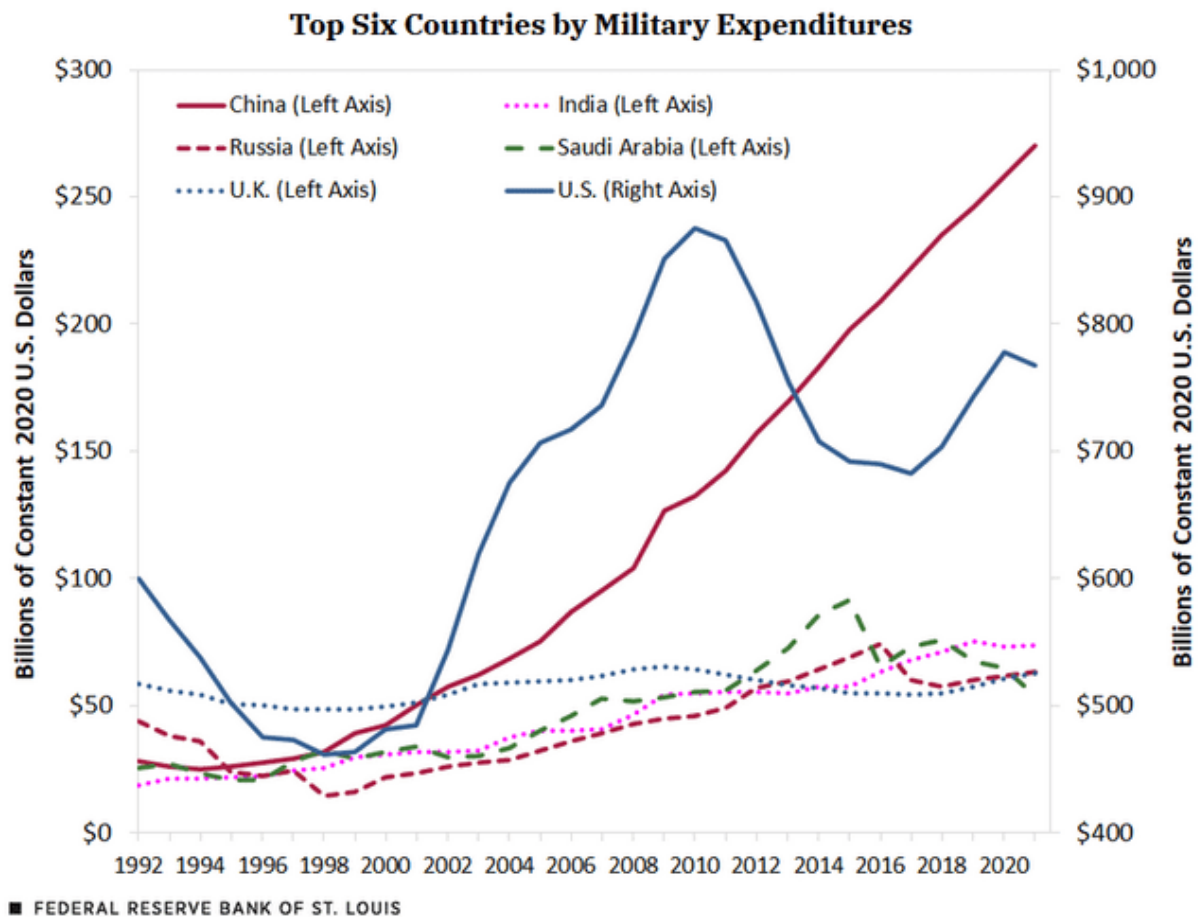

Note: For non-Hispanic Black and white people in 2018. Rates have been adjusted for age and sex. Source: Centers for Disease Control and Prevention

- <https://www.nytimes.com/2021/01/14/learning/whats-going-on-in-this-graph-mortality-by-race.html>
- The different heights of the bars make them feel stacked above each other
- The height of the bars represents the sum of the deaths of black and white people combined
- This information feels not required for the core message, but makes the chart harder to read

Mortality Rate Differences between Black and White People (USA, 2018)

Development of the top 6 military spending countries

- <https://www.stlouisfed.org/on-the-economy/2023/jan/military-expenditures-how-top-spending-nations-compare>
- The US spendings use a different, way higher axis, making it look as if the US spent less than China on its military
